

COMM FORM—INTENT TO APPLY

This form needs to be submitted to the Department Chair when faculty, students, or staff decide to apply for external and internal funding, fellowships, or awards that request departmental support. The Chair needs to approve the request for departmental support before applicants prepare their proposal materials. Approval for changes to the request for COMM resources requires a new approval form in advance of submission to ARHU, ORA, or an external and internal source. Approval is not guaranteed and is dependent on departmental needs and resources.
