

CURRICULUM VITAE

XIAOLI NAN

Distinguished Scholar-Teacher
Professor, [Department of Communication](#)
Affiliate Professor, [Department of Behavioral and Community Health](#)
Director, [Center for Health and Risk Communication](#)
University of Maryland-College Park
2102 Skinner Building, 4300 Chapel Ln.
College Park, MD 20742
Email: nan@umd.edu | Tel.: 301-405-0640
[Dept. Webpage](#) | [Personal Website](#)

EDUCATION

- 2005 Ph.D. in Mass Communication (Ph.D. Minor in Psychology)
 School of Journalism and Mass Communication
 University of Minnesota-Twin Cities
 Advisor: Ronald J. Faber
- 2003 M.A. in Mass Communication
 School of Journalism and Mass Communication
 University of Minnesota-Twin Cities
 Advisor: Ronald J. Faber
- 2000 B.A. in Advertising
 Department of Advertising
 Beijing University, P. R. China

RESEARCH AREAS

Persuasion, Health Communication, Misinformation, Media Effects, Advertising & Social Marketing, Quantitative & Computational Research Methods, Systematic Reviews & Meta-Analyses

ACADEMIC APPOINTMENTS

- 2019-present Faculty Associate, Joint Institute for Food Safety and Applied Nutrition, University of Maryland-College Park

2018-present	Affiliate Professor, Department of Behavioral and Community Health, University of Maryland-College Park
2017-present	Professor, Department of Communication, University of Maryland-College Park
2014-present	Associate and Full Member, University of Maryland Marlene and Stewart Greenebaum Comprehensive Cancer Center Population Science Program
2012-2017	Associate Professor, Department of Communication, University of Maryland-College Park
2008-2012	Assistant Professor, Department of Communication, University of Maryland-College Park
2005-2008	Assistant Professor, Department of Life Sciences Communication, University of Wisconsin-Madison
2000-2005	Teaching/Research Assistant, School of Journalism and Mass Communication, University of Minnesota-Twin Cities

ADMINISTRATIVE APPOINTMENTS

2016-2021	Co-Director of Graduate Studies, Department of Communication
2011-present	Director, University of Maryland Center for Health and Risk Communication

EDITORIAL APPOINTMENTS

Editorships

2020	Special Issue Co-Editor for <i>Health Communication</i> (two issues of "Public Health Communication in an Age of COVID-19")
2018-present	Senior Editor for <i>Health Communication</i>

Editorial Boards

2020-present	<i>Journal of Advertising</i>
2017-present	<i>Journal of Health Communication</i>

2015-present	<i>Communication Research</i>
2011-present	<i>Health Communication</i>
2015-2018	<i>Journal of Communication</i>
2013-2016	<i>Communication Studies</i>
2012-2021	<i>Human Communication Research</i>
2010-2013	<i>Journal of Advertising</i>
2009-2012	<i>Communication Quarterly</i>
2009-2012	<i>Journal of Current Issues and Research in Advertising</i>

HONORS & AWARDS

2022	Outstanding Health Communication Scholar Award (“recognizes a significant and original contribution, in the form of a monograph, book, and/or program of research, to the study and application of the field of Health Communication”), National Communication Association, Health Communication Division
2020	Distinguished Scholar-Teacher Award (“honors senior tenured members of the faculty who combine outstanding scholarly accomplishment with excellence in teaching and personify our image of the professoriate”), University of Maryland-College Park
2020	Lewis Donohew Outstanding Health Communication Scholar Award (“recognizes outstanding research contributions to the health communication field made during the biennium preceding each conference”), Kentucky Conference on Health Communication
2019	Honoree, Inaugural Maryland Research Excellence Celebration, sponsored by the Provost’s Office and the Office of the Vice President for Research
2018	Mayhew Derryberry Award (“honors outstanding contributions to health education research theory and recognizes outstanding behavioral scientists”), American Public Health Association, Public Health Education and Health Promotion Section
2015	Research and Scholarship (RASA) Award, University of Maryland-College Park
2015	Emerald Literati Network Award for Excellence – Highly Recommended Paper published in <i>Health Education</i>
2014	Top Paper Award, National Communication Association, Health Communication Division

- 2012 Research and Scholarship (RASA) Award, University of Maryland-College Park
- 2009 General Research Board Award, University of Maryland-College Park
- 2009 Top Paper Award, International Communication Association, Information Systems Division
- 2009 Nominated to Sigma Xi Scientific Research Society
- 2007 Top Paper Award, International Communication Association, Information Systems Division
- 2006 Top Faculty Paper Award, Association for Education in Journalism and Mass Communication, Communication Theory and Methodology Division
- 2005 Award for Most Outstanding Graduate Research, School of Journalism and Mass Communication, University of Minnesota-Twin Cities
- 2005 Ralph D. Casey Award for Most Outstanding Dissertation Proposal, School of Journalism and Mass Communication, University of Minnesota-Twin Cities
- 2005 Haeberle Fellowship, School of Journalism and Mass Communication, University of Minnesota-Twin Cities
- 2005 William D. Wells Scholarship, School of Journalism and Mass Communication, University of Minnesota-Twin Cities
- 2004 Nominated to Kappa Tau Alpha National Journalism Honor Society
- 2004 F. Gerald Kline Memorial Scholarship, School of Journalism and Mass Communication, University of Minnesota-Twin Cities
- 2003 Mark Kriss Research Award, School of Journalism and Mass Communication, University of Minnesota-Twin Cities
- 2003 Graduate School Block Grant Scholarship, School of Journalism and Mass Communication, University of Minnesota-Twin Cities

GRANTS & CONTRACTS

External Grants

- 2022-2024 *Role: **Co-Principal Investigator*** (PI: Raschid)
Source: National Science Foundation
Project title: "Evaluating the effectiveness of messaging and modeling during pandemics (PandEval)" (2200256)
Amount: 999,537.00
Status: Funded
- 2018-2024 *Role: **Principal Investigator***
Source: National Cancer Institute (NCI) of the National Institutes of Health (NIH)
Project title: "Framing HPV vaccination messages for African American parents" (1R01CA219060-01)
Amount: \$2,212,269
Status: Funded
- 2015-2017 *Role: **Co-Principal Investigator*** (PI: Zhang)
Source: Depart of Energy Advanced Research Projects Agency-Energy (ARPA-E)
Project title: "Integrated, personalized, real-time traveler information and incentive technology for optimizing energy efficiency in multimodal transportation systems"
Amount: \$4,500,000
Status: Funded
- 2014-2017 *Role: **Principal Investigator***
Source: National Cancer Institute (NCI) of the National Institutes of Health (NIH)
Project title: "Self-affirmation and responses to smoking risk messages among African Americans" (1R21CA187631-01)
Amount: \$357,552
Status: Funded
- 2011-2014 *Role: **Principal Investigator*** (Mentor: Holt)
Source: National Cancer Institute (NCI) of the National Institutes of Health (NIH)
Project title: "Message framing and HPV vaccination acceptance among African Americans" (1R03CA150570-01A1)
Amount: \$150,000
Status: Funded
- 2011-2012 *Role: **Principal Investigator***

Source: Department of Homeland Security through the National Center for Risk and Economic Analysis of Terrorism Events (CREATE)

Project title: "Societal ripple effects from terrorist attacks and risk communication strategies"

Amount: \$20,000

Status: Funded

2008-2011

Role: **Principal Investigator**

Source: Department of Agriculture Federal Formula Funds

Project title: "The influence of message framing and discrete emotions on health-related risk perceptions and persuasiveness of health promotion messages"

Amount: \$90,627

Status: Funded

2005-2007

Role: **Principal Investigator**

Source: Department of Agriculture Federal Formula Funds

Project title: "The importance of brand/cause fit in cause-related food marketing"

Amount: \$52,622

Status: Funded

Contracts

2015-2017

Role: **Principal Investigator**

Source: Food and Drug Administration

Project title: "Consumer perceptions of foodborne illness communications"

Amount: \$24,900

Status: Funded

2015-2017

Role: **Principal Investigator**

Source: Food and Drug Administration

Project title: "Consumer behaviors related to fortified snack foods"

Amount: \$24,900

Status: Funded

2013-2014

Role: **Principal Investigator**

Source: Food and Drug Administration

Project title: "Quantitative analysis of data on consumer preferences for fortified food products"

Amount: \$12,000

Status: Funded

2013-2014 **Role: Principal Investigator**
Source: Food and Drug Administration
Project title: "Quantitative analysis of the real time food recall survey on the Hepatitis A outbreak associated with a frozen berry product"
Amount: \$15,000
Status: Funded

Internal Grants

2020 **Role: Principal Investigator**
Source: University of Maryland Strategic Partnership: MPowering the State (MPower)
Project title: "Predicting and improving COVID-19 vaccine acceptance among African Americans during the coronavirus pandemic"
Amount: \$98,432
Status: Funded

2018 **Role: Principal Investigator**
Source: Food and Drug Administration through the Joint Institute for Food Safety and Applied Nutrition
Project title: "Agricultural biotechnology education and outreach initiative"
Amount: \$40,000
Status: Funded

2013-2015 **Role: Principal Investigator**
Source: Food and Drug Administration through the Joint Institute for Food Safety and Applied Nutrition
Project title: "Sources of food safety information for American consumers"
Amount: \$131,007
Status: Funded

2011-2012 **Role: Principal Investigator**
Source: University of Maryland ADVANCE Program for Inclusive Excellence
Project title: "Developing effective H1N1 influenza vaccine risk communication messages to improve vaccine uptake among older adults"
Amount: \$20,000
Status: Funded

- 2008-2012 *Role: **Principal Investigator** (2011-2012), Co-Investigator (2008-2010, PI: Turner)*
Source: Food and Drug Administration through the Joint Institute for Food Safety and Applied Nutrition
Project title: "Experiment to evaluate risk perceptions of produce growers, food retailers and consumers after a foodborne illness outbreak or food recall"
Amount: \$200,000
Status: Funded
- 2007-2008 *Role: **Principal Investigator***
Source: University of Wisconsin Graduate School Research Committee
Project title: "The advantages of compliance or the disadvantages of noncompliance? An investigation of the message framing effect in health communication"
Amount: \$29,734
Status: Funded

REFEREED JOURNAL ARTICLES

Note. # denotes undergraduate, graduate, or post-doctoral co-authors Nan mentored at time research was conducted.

1. **Nan, X.**, #Wang, Y., & Thier, K. (in press). Why do people believe health misinformation and who is at risk? A systematic review of individual differences in susceptibility to health misinformation. *Social Science & Medicine*.
2. **Nan, X.**, #Wang, Y., #Thier, K., Adebamowo, C., Quinn, S., & Ntiri, S. (in press). Moral foundations predict COVID-19 vaccine hesitancy: Evidence from a national survey of Black Americans. *Journal of Health Communication*.
3. #Thier, K., #Wang, Y., Adebamowo, C., Ntiri, S., Quinn, S., & **Nan, X.**, (in press). Understanding the psychological antecedents of COVID-19 vaccine acceptance among Black Americans: Implications for vaccine communication. *Journal of Communication in Healthcare*.
4. #Lin, T., & **Nan, X.** (in press). A scoping review of emerging COVID-19 health communication research in Communication and Media journals. *Health Communication*.

5. #Ledford, V., & **Nan, X.** (2022). Using communication science to accelerate adult and childhood vaccination. *Metode Science Studies*.
6. **Nan, X.**, Iles, I., Yang, B., & Ma, Z. (2022). Public health messaging during the COVID-19 pandemic and beyond: Lessons from communication science. *Health Communication, 37*(1), 1-19.
7. **Nan, X.**, #Iles, I., & #Ma, Z. (2022). Impact of self-affirmation on responses to health warning messages: Does consideration of future consequences matter? *Health Communication, 37*(10), 1253-1263
8. #Lama, Y., **Nan, X.**, & Quinn, S. (2022). General and health-related social media use among adults with children in the household: findings from a national survey in the United States. *Patient Education and Counseling, 105*(3), 647-653
9. #Wang, X., **Nan, X.**, #Stanley, S. J., #Wang, Y., Waks, L., & Broniatowski, D. (2021). Emotion and virality of food safety risk communication messages on social media. *Journal of Applied Communications, 105*(3).
10. Richards, A., #Qin, Y., Daily, K., & **Nan, X.** (2021). African American parents' perceived vaccine efficacy moderates the effect of message framing on psychological reactance to HPV vaccine advocacy. *Journal of Health Communication, 26*(8), 534-544
11. #Lama, Y., #Qin, Y., **Nan, X.**, Knott, C., Adebamowo, A., Ntiri, S., & Wang, M. (2021). Human papillomavirus (HPV) vaccine concerns and campaign message preferences among African American parents: A qualitative study. *Journal of Cancer Education, 1*-11.
12. #Iles, I., **Nan, X.**, #Ma, Z., Butler, J., Feldman, R., & Wang, M. (2021). Self-affirmation does not change smokers' explicit or implicit attitudes toward smoking following exposure to graphic cigarette warning labels. *Communication Research Reports, 38*(1), 53-65.
13. #Ma, Z., **Nan, X.**, #Iles, I., Butler, J., Feldman, R., & Wang, M. (2021). Effects of self-affirmation on responses toward graphic cigarette warning labels: Testing the mediating role of perceived susceptibility and self-efficacy. *Health Education*.
14. #Lama, Y., Quinn, S., **Nan, X.**, & Cruz-Cano, R. (2021). Social media use and Human papillomavirus awareness and knowledge among adults with children in the household: Examining the role of race, ethnicity, and gender. *Human Vaccines & Immunotherapeutics, 17*(4), 1014-1024

15. **Nan, X.**, #Kim, J., Verrill, L., & #Daily, K. (2020). Influence of risk severity and intentionality on perceptions of food contamination risks among pregnant women: An experimental investigation. *Journal of Health Communication*, 25(6), 514-521.
16. #Yang, B., & **Nan, X.** (2020). Self-affirmation moderates self-congruency effect in health messaging. *Health Communication*, 35(11), 1359-1367.
17. Guidry, J. P., Vraga, E. K., Laestadius, L. I., Miller, C. A., Occa, A., **Nan, X.**, ... & Carlyle, K. E. (2020). HPV vaccine searches on pinterest: Before and after pinterest's actions to moderate content. *American Journal of Public Health*, 110(S3), S305-S311.
18. Verrill, L., #Iles, I., & **Nan, X.** (2020). Soda or VitaSoda: How product name influences perceptions of snack food healthfulness and the moderating role of nutrition facts labels. *Health Communication*, 35, 966-973.
19. **Nan, X.**, #Daily, K., #Richards, A., Holt, C., Wang, M., Tracy, K., & #Qin, Y. (2019). The role of trust in health information from medical authorities in accepting the HPV vaccine among African American parents. *Human Vaccines & Immunotherapeutics*, 15, 1723-1731. – **Highly Cited Paper Published in the Journal from 2017-2022**
20. #Yang, B. & **Nan, X.** (2019). Influence of norm-based messages on college students' binge drinking intentions: Considering norm type, regulatory mode, and level of alcohol consumption. *Health Communication*, 34, 1711-1720.
21. **Nan, X.**, #Daily, K., #Richards, A., & Holt, C. (2019). Parental support for HPV vaccination mandates among African Americans: The impact of message framing and consideration of future consequences. *Health Communication*, 34, 1404-1412.
22. #Ma, Z., **Nan, X.**, #Qin, Y., & Zhou, P. (2019). Using narrative persuasion to promote positive attitudes toward depression in different cultural contexts. *Health Education*, 118, 239-249.
23. #Ma, Z., & **Nan, X.** (2019). Positive facts, negative stories: Message framing as a moderator of narrative persuasion in anti-smoking communication. *Health Communication*, 34, 1454-1460.
24. #Kim, J., & **Nan, X.** (2019). Temporal framing effects differ for narrative vs. non-narrative messages: The case of promoting HPV vaccination. *Communication Research*, 46, 401-417.
25. #Iles, I., **Nan, X.**, #Ma, Z., Feldman, R., Butler, J., Wang, M., & Zhao, X. (2019). Self-affirmation and defensive processing of graphic cigarette warning labels among African Americans. *Health Education Journal*, 78, 301-314.

26. #Ma, Z., & **Nan, X.** (2019). Investigating the interplay of self-construal and independent vs. interdependent self-affirmation. *Journal of Health Communication, 24*, 293-302.
27. **Nan, X.** & #Qin, Y. (2018). How thinking about the future affects our decisions in the present: Effects of time orientation and episodic future thinking on responses to health warning messages. *Human Communication Research, 45*, 148-168.
28. **Nan, X.**, #Daily, K., & #Qin, Y. (2018). Relative persuasiveness of gain- vs. loss-framed messages: A review of theoretical perspectives and developing an integrative framework. *Review of Communication, 18*, 370-390.
29. #Ma, Z., & **Nan, X.** (2018). Role of narratives in promoting mental illnesses acceptance. *Atlantic Journal of Communication, 26*, 196-209.
30. #Jun, J., & **Nan, X.** (2018). Determinants of cancer screening disparities among Asian Americans: A systematic review of public health surveys. *Journal of Cancer Education, 33*, 757-768.
31. #Ma, Z., & **Nan, X.** (2018). Friends don't let friends smoke: How story-telling and social distance influence nonsmokers' responses to anti-smoking messages. *Health Communication, 33*, 887-895. – *Featured in CDC's Health Communication Science Digest*
32. #Kim, J., & **Nan, X.** (2018). The effects of consideration of future consequences on HPV vaccine-related attitudes and Intentions. *Journal of Public Relations, 22*, 1-21
33. #Jun, J., & **Nan, X.** (2018). Asian Americans' cancer information seeking, fatalistic belief, and perceived risk: Current status and relationships with cancer prevention and detection behaviors. *Journal of Health Disparities Research and Practice, 11*, 137-159.
34. #Jun, J., & **Nan, X.** (2017). Comparative risk assessment and cessation information seeking among smokeless tobacco users. *Addictive Behaviors, 80*, 14-21.
35. #Iles, I., **Nan, X.**, & Verrill, L. (2017). Nutrient content claims: How they impact perceived healthfulness of fortified snack foods and the moderating effects of nutrition facts labels. *Health Communication, 33*, 1308-1316.
36. #Yang, B., **Nan, X.**, & #Zhao, X. (2017). Persuasiveness of anti-smoking messages: Self-construal and message focus. *Health Education, 117*, 398-413.

37. #Futerfas, M., & **Nan, X.** (2017). Role of humor in the persuasiveness of entertainment narratives on unprotected sexual behavior. *Journal of Health Communication, 22*, 312-318.

REFEREED CONFERENCE PAPERS

1. Richards, A., #Qin, Y., Daily, K., & **Nan, X.** (2021, May). African American parents' perceived vaccine efficacy moderates the effect of message framing on psychological reactance to HPV vaccine advocacy. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), Online Conference.
2. #Wang, X., **Nan, X.**, #Stanley, S., #Wang, Y., & Waks, L. (2020, November). Emotion and virality of food safety risk communication messages on social media. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Indianapolis, IN.
3. **Nan, X.**, #Iles, I., & #Ma, Z (2019, November). Impact of self-affirmation on responses to health warning messages: Does consideration of future consequences matter? Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Baltimore, MD.
4. **Nan, X.**, & #Qin, Y. (2019, April). Effects of time orientation and episodic future thinking on responses to health warning messages. Paper accepted for presentation at the 5th Washington DC Health Communication Conference, George Mason University, Fairfax, VA.
5. Guidry, J. P. D., Vraga, E., Ming, H., #Qin, Y., Occa, A., **Nan, X.**, Carlyle, K. E., & Fuemmeler, B. F. (2019, April). Vaccines among recipes: A content analysis of HPV vaccine posts on Pinterest. Paper accepted for presentation at the 5th Washington DC Health Communication Conference, George Mason University, Fairfax, VA.
6. #Iles, I., **Nan, X.**, #Ma, Z., Butler, J., Feldman, R., & Wang, M.Q. (2019, May). Smokers' attitudes toward smoking: How self-affirming prior to viewing graphic cigarette warning labels affects explicit and implicit attitudes. Paper accepted for presentation at the annual conference of the International Communication Association (Communication Science and Biology Division), Washington D.C.
7. #Ma, Z., & **Nan, X.** (2019, May). Effects of immersive stories on prosocial attitudes and willingness to help: Testing psychological mechanisms. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), Washington D.C.
8. **Nan, X.**, #Daily, K., & #Qin, Y. (2018, April). Toward an integrative framework on message framing effects. Paper accepted for presentation at the Kentucky Conference on Health Communication, Lexington, KY.

9. #Ma, Z., **Nan, X.**, #Iles, I., Butler, J., Feldman, R., & Wang, M. (2018, February). Role of self-affirmation in African American smokers' responses to graphic cigarette warning labels. Paper accepted for presentation at the 24th Annual Society for Research on Nicotine & Tobacco Meeting, Baltimore, MD.
10. #Jun, J., & **Nan, X.** (2017, November). Cancer/health communication and breast, cervical, and prostate cancer screening among Asian America. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Dallas, TX.
11. #Iles, I., Joyce, N., & **Nan, X.** (2017, November). The impact of disgust- versus sadness-focused messages on perceptions of risk severity and susceptibility, and behavioral intentions: An appraisal theory approach. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Dallas, TX.
12. #Ma, Z., **Nan, X.**, #Qin, Y., & Zhou, P. (2017, May). Testing narrative transportation hypotheses in different cultures: A multi-group analysis. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), San Diego, CA.
13. **Nan, X.**, #Ma, Z., & #Futeras, M. (2017, May). Using narratives to promote sunscreen use: The persuasive impact of narrative perspective and modality. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), San Diego, CA.
14. **Nan, X.**, #Iles, I., #Ma, Z., Feldman, R., Butler, J., Wang, M., & Zhao, X. (2017, April). Self-affirmation and defensive processing of graphic cigarette warning labels among African American smokers: A community-based pilot study. Paper accepted for presentation at the 4th Washington DC Health Communication Conference, George Mason University, Fairfax, VA.
15. #Ma, Z., & **Nan, X.** (2017, April). Public responses toward cigarette claims: Results from the HINTS/FDA Survey. Paper accepted for presentation at the 4th Washington DC Health Communication Conference, George Mason University, Fairfax, VA.
16. #Jun, J., & **Nan, X.** (2017, April). Cancer fatalism and health/tobacco information seeking among cigarette, alternative, and multiple tobacco product users. Paper accepted for presentation at the 4th Washington DC Health Communication Conference, George Mason University, Fairfax, VA.
17. #Jun, J., & **Nan, X.** (2017, April). Cancer/health communication and breast, cervical, and prostate cancer screening among Asian Americans. Paper accepted for

presentation at the 4th Washington DC Health Communication Conference, George Mason University, Fairfax, VA.

18. #Yang, B., & **Nan, X.** (2016, November). How self-affirmation influences nonsmokers' responses to self-congruent vs. self-incongruent anti-smoking messages. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Philadelphia, PA.
19. #Iles, I., **Nan, X.**, & Verrill, L. (2016, November). Front-of-package nutrient content claims: How they impact perceived healthfulness of fortified snack foods and the mitigating effects of nutrition facts labels. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Philadelphia, PA.
20. Verrill, L., Iles, I., & **Nan, X.** (2016, November). Chocolate or VitaChocolate: How product name influences perceptions of snack food healthfulness. Paper accepted for presentation at the annual conference of the National Communication Association (Applied Communication Division), Philadelphia, PA.
21. #Ma, Z., & **Nan, X.** (2016, November). Positive facts or negative stories: Message framing as a moderator of narrative persuasion. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Philadelphia, PA.
22. #Ma, Z., & **Nan, X.** (2016, May). Effects of narrative vs. non-narrative anti-smoking messages: Examining the moderating role of social distance. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), Fukuoka, Japan.
23. **Nan, X.**, Verrill, L., & #Zhao, X. (2015, November). Risk perception and fatalistic belief as predictors of information seeking and sharing related to a food recall. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Las Vegas, NV.
24. **Nan, X.**, Verrill, L., & #Iles, I. (2015, November). "As much calcium as a glass of milk!" Understanding American consumers' preferences for fortified foods. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Las Vegas, NV.
25. #Futerfas, M., & **Nan, X.** (2015, November). Role of humor in the persuasiveness of entertainment narratives on unprotected sexual behavior. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Las Vegas, NV.

26. #Yang, B., & **Nan, X.** (2015, May). The influence of social norms on college drinking: Considering the role of regulatory mode. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), San Juan, Puerto Rico.
27. #Ma, Z., & **Nan, X.** (2015, May). Role of narrative persuasion in reducing stigma and promoting acceptance of mental illness. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), San Juan, Puerto Rico.
28. #Kim, J., & **Nan, X.** (2015, May). Temporal framing effects differ for narrative vs. non-narrative messages: The case of promoting HPV vaccination. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), San Juan, Puerto Rico.
29. #Iles, I., & **Nan, X.** (2015, May). It's no laughing matter: The use of ironic vs. sarcastic humor in health messages. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), San Juan, Puerto Rico.
30. **Nan, X.**, #Futeras, M., & #Ma, Z. (2015, May). Role of narrative perspective and modality in the persuasiveness of public service advertisements promoting HPV vaccination. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), San Juan, Puerto Rico.
31. **Nan, X.**, #Daily, K., & #Richards, A. (2015, April). Parental support of HPV vaccination mandates among African Americans: The interactive effect of message framing and consideration of future consequences. Paper accepted for presentation at the 3rd Washington DC Health Communication Conference, George Mason University, Fairfax, VA.
32. **Nan, X.**, Verrill, L., & #Kim, J. (2014, December). Mapping sources of food safety information for American consumers: Findings from a national survey. Paper accepted for presentation at the Consumer Food Safety Education Conference, Arlington, VA.
33. **Nan, X.**, #Madden, K., & #Richards, A. (2014, November). Message framing, perceived susceptibility, and intentions to vaccinate one's child against HPV among African American parents. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Chicago, IL.

34. Zhao, X., **Nan, X.**, #Iles, I., & #Yang, B. (2014, November). Temporal framing and consideration of future consequences: Effects on smokers' and at-risk nonsmokers' responses to cigarette health warnings. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Chicago, IL. - *Top Paper Award*
35. #Yang, B., #Zhao, X., & **Nan, X.** (2014, November). Are matched messages more persuasive than mismatched messages? Exploring the role of self-construal and personal/relational message frame in nonsmokers' responses to anti-smoking messages. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Chicago, IL.
36. #Zhao, X., & **Nan, X.** (2014, November). Risk perceptions, fatalistic beliefs, and cervical cancer screening. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Chicago, IL.
37. #Kim, J., & **Nan, X.** (2014, May). The effects of temporal framing and consideration of future consequences in the context of HPV vaccination. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), Seattle, WA.
38. #Zhao, X., & **Nan, X.** (2014, May). Influence of absolute and comparative risk perceptions on cancer screening behaviors and the mediating role of cancer worry. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), Seattle, WA.
39. #Madden, K., #Zhao, X., #Iles, I., #Yang, B., & **Nan, X.** (2013, November). Perceived bias in neutral news coverage of health policies: The role of group difference and anxiety. Panel abstract accepted for presentation at the annual conference of the National Communication Association Conference, Washington, D.C.
40. #Kim, J., & **Nan, X.** (2013, November). How and why individual difference in consideration of future consequences predicts acceptance of the HPV vaccine among college students. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Washington, DC.
41. Zhao, X., **Nan, X.**, #Yang, B., & #Iles, I. (2013, November). Effect of cigarette warning labels on smokers: The role of graphics, framing, and identity. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Washington, DC.

42. **Nan, X.**, #Madden, K., & #Richards, A. (2013, November). The role of trust in health information from medical authorities in accepting the HPV vaccine among African American parents. Paper accepted for presentation at the annual conference of the National Communication Association (Health Communication Division), Washington, DC.
43. **Nan, X.**, Dahlstrom, M., #Richards, A., & Rangarajan, S. (2013, June). Influence of evidence type and narrative type on HPV risk perception and intention to obtain the HPV vaccine. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), London, UK
44. **Nan, X.**, & #Madden, K. (2013, June). Biased assimilation and need for closure: Examining the effects of mixed blogs on vaccine-related beliefs. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), London, UK.
45. **Nan, X.**, Zhao, X., #Yang, B., & #Iles, I. (2013, June). Effectiveness of cigarette warning labels: Exploring the impact of graphics, message framing, and temporal framing. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), London, UK.
46. **Nan, X.**, & #Madden, K. (2013, June). The role of cultural worldviews and message framing in shaping public opinions toward the HPV vaccination mandate. Paper accepted for presentation at the annual conference of the International Communication Association (Mass Communication Division), London, UK.
47. #Kim, J., & **Nan, X.** (2013, March). The impact of consideration of future consequences on attitudes and intentions toward HPV vaccination. Paper accepted for presentation at the 2nd Washington DC Health Communication Conference, George Mason University, Fairfax, VA.
48. #Madden, K., **Nan, X.**, & #Briones, R. (2013, March). Analysis of HPV vaccine information on influential blog sites: A snapshot amid the 2011 Republican presidential primary debates. Paper accepted for presentation at the 2nd Washington DC Health Communication Conference, George Mason University, Fairfax, VA.
49. #Oh, S., & **Nan, X.** (2012, August). The reader's willingness to comment on online news articles: A study of the individual's behavioral responses in light of media effects theories and online news. Paper accepted for presentation at the annual conference of the Association for Education in Journalism and Mass Communication (Communication Theory and Methodology Division), Chicago, IL.

50. **Nan, X., & #Kim, J.** (2012, May). Predicting H1N1 vaccine uptake and H1N1-related health beliefs: The role of individual difference in consideration of future consequences. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), Phoenix, AZ.
51. **Nan, X., & #Madden, K.** (2012, May). HPV vaccine information in the blogosphere: How positive and negative blogs influence vaccine-related risk perceptions, attitudes, and behavioral intentions. Paper accepted for presentation at the annual conference of the International Communication Association (Health Communication Division), Phoenix, AZ.
52. **Nan, X., Xie, B., & #Madden, K.** (2011, August). Acceptability of the H1N1 vaccine among older adults: The interplay of message framing and perceived vaccine safety and efficacy. Paper presented at the annual conference of the Association for Education in Journalism and Mass Communication (Communication of Science, Health, Environment, and Risk Division), St. Louis, MO.
